Subject: Letter of Recommendation for Eulas Thomas

To Whom It May Concern:

I have known Mr. Eulas Thomas for well over 16 years and Mr. Thomas has my utmost respect both personally and professionally. I have had the opportunity to work with Eulas on several occasions throughout our 16 years and the highest recommendation that I can give is that I would readily welcome the opportunity to work with him again anytime, anywhere. I strongly feel that Mr. Thomas would be an excellent addition to any team looking for strong supervisory and leadership skills.

In all of the years that I have known Eulas he has always been trustworthy, reliable and exercised good judgment. His communication skills are outstanding and he has the heart of a servant leader who knows how to produce greater results through role modeling, respectful communications and positive motivation.

Should you have any questions or need of further information regarding my experiences with Eulas, you are welcome to contact me at the number below.

.

Sincerely,

Scott Boyes, CMSP
