

5/7/16

Letter of recommendation – Eulas Thomas

As an operator, Lead operator and Working Foreman, I had the opportunity to work with Eulas as my supervisor on a couple of different occasions during my 3 ½ years at Molycorp. Eulas was put in charge of different areas of the process depending on the needs of the company at that time. He was able to learn new processes quickly and understand what was needed to help the process improve. He always treated his direct reports with fairness and consistency. He was able to get the best out of all of us. All he ever asked of any of us was that we do the job we were hired to do.

I would work with Eulas again if the opportunity ever arose and would recommend him to any company that is looking for a manager of people and processes.

Sincerely

Scott Overy
